

American Adults and Children Need You!

Illegal Immigration Effects...

- Over crowded schools, depleted resources, higher costs, and lower standards
- Unrestrained population growth is overtaxing our sewer, water supplies, housing, medical centers, schools, jails and prisons
- Disappearing employment opportunities for Americans: lower wages, higher unemployment
- Outbreak of lawlessness - Immigration laws are not being enforced and special privileges being granted contrary to the equal protection clauses of our 14th amendment.
- Profiteering businessmen hiring/housing illegal aliens: violating laws, lowering standards
- Law breaking illegal aliens obtaining work and housing with false I.D.'s, deceiving lawful employers and landlords
- Driving without licenses or insurance and drunk driving, endangering, injuring, killing
- Illegal alien felons and gang members (MS-13, Latin Kings), commit murder, rape, assault, robbery, prostitution, child molestation, drug and human smuggling, forgery, etc.
- National security - borders open to terrorists

The Future of Our Children
and Our Neighborhoods is in
Danger!

Say, "NO!" to Illegal
Immigration

Illegal immigration harms all of us, but our children the most

Illegal immigration is harming your children and devastating their future.

Education

Schools are over-crowded. Resources are used to educate people that do not belong in the country. Local taxes are raised to cover the extra cost of non-English speaking children while our children wait and watch and standards are lowered.

*"The average annual cost per child for education is \$7,161" * - estimated 5 million illegal children** + 3.1 million anchor babies***; K-12 education: \$696 billion.*

Crime

Gang activity is on the rise (MS-13, Latin Kings). Illegal felons commit murder, rape, robbery, child molestation, prostitution, drug and human smuggling, forgery, identity theft, and fraud. Drunk driving and accidents by alien drivers without a license or insurance is commonplace. Aliens from countries promoting terrorism are also infiltrating our communities, yet KCIRR, a local advocate group, wants to give illegal aliens drivers licenses.

*"Today, illegal aliens make up 29% percent of the U.S. prison population - or 500,000 illegals, Costing U.S. taxpayers \$1.6 billion (yearly) in prison costs alone." **

Health Care

Illegal aliens are receiving free health care at emergency centers along with free pre-natal care and deliv-

ery, straining (and sometimes bankrupting) the health care facilities while dumping the cost on paying customers and tax payers. This same care is not available to many poor, honest Americans. It is common for unscreened aliens to bring contagious diseases over the border and into our communities.

*"The annual cost for uncompensated emergency care to Mexican Border States (California, New Mexico, Arizona and Texas) is \$200 million." **

Employment

Unscrupulous employers hire illegals to increase their profits by paying lower wages. Others are defrauded by illegals with false I.D.'s, endangering the business and all the other employees, thus, wages fall and Americans' jobs and businesses are lost.

*"American college and high school students can't find summer jobs in yard care, landscape, fast food or service jobs - because illegal aliens work those jobs and are often paid under the table." **
